

# FRACTAL EGG CHALLENGE

- A fractal is like a repeating shape or pattern. One way to make a fractal is by taking a shape like a triangle:

- Draw a dot in the center:

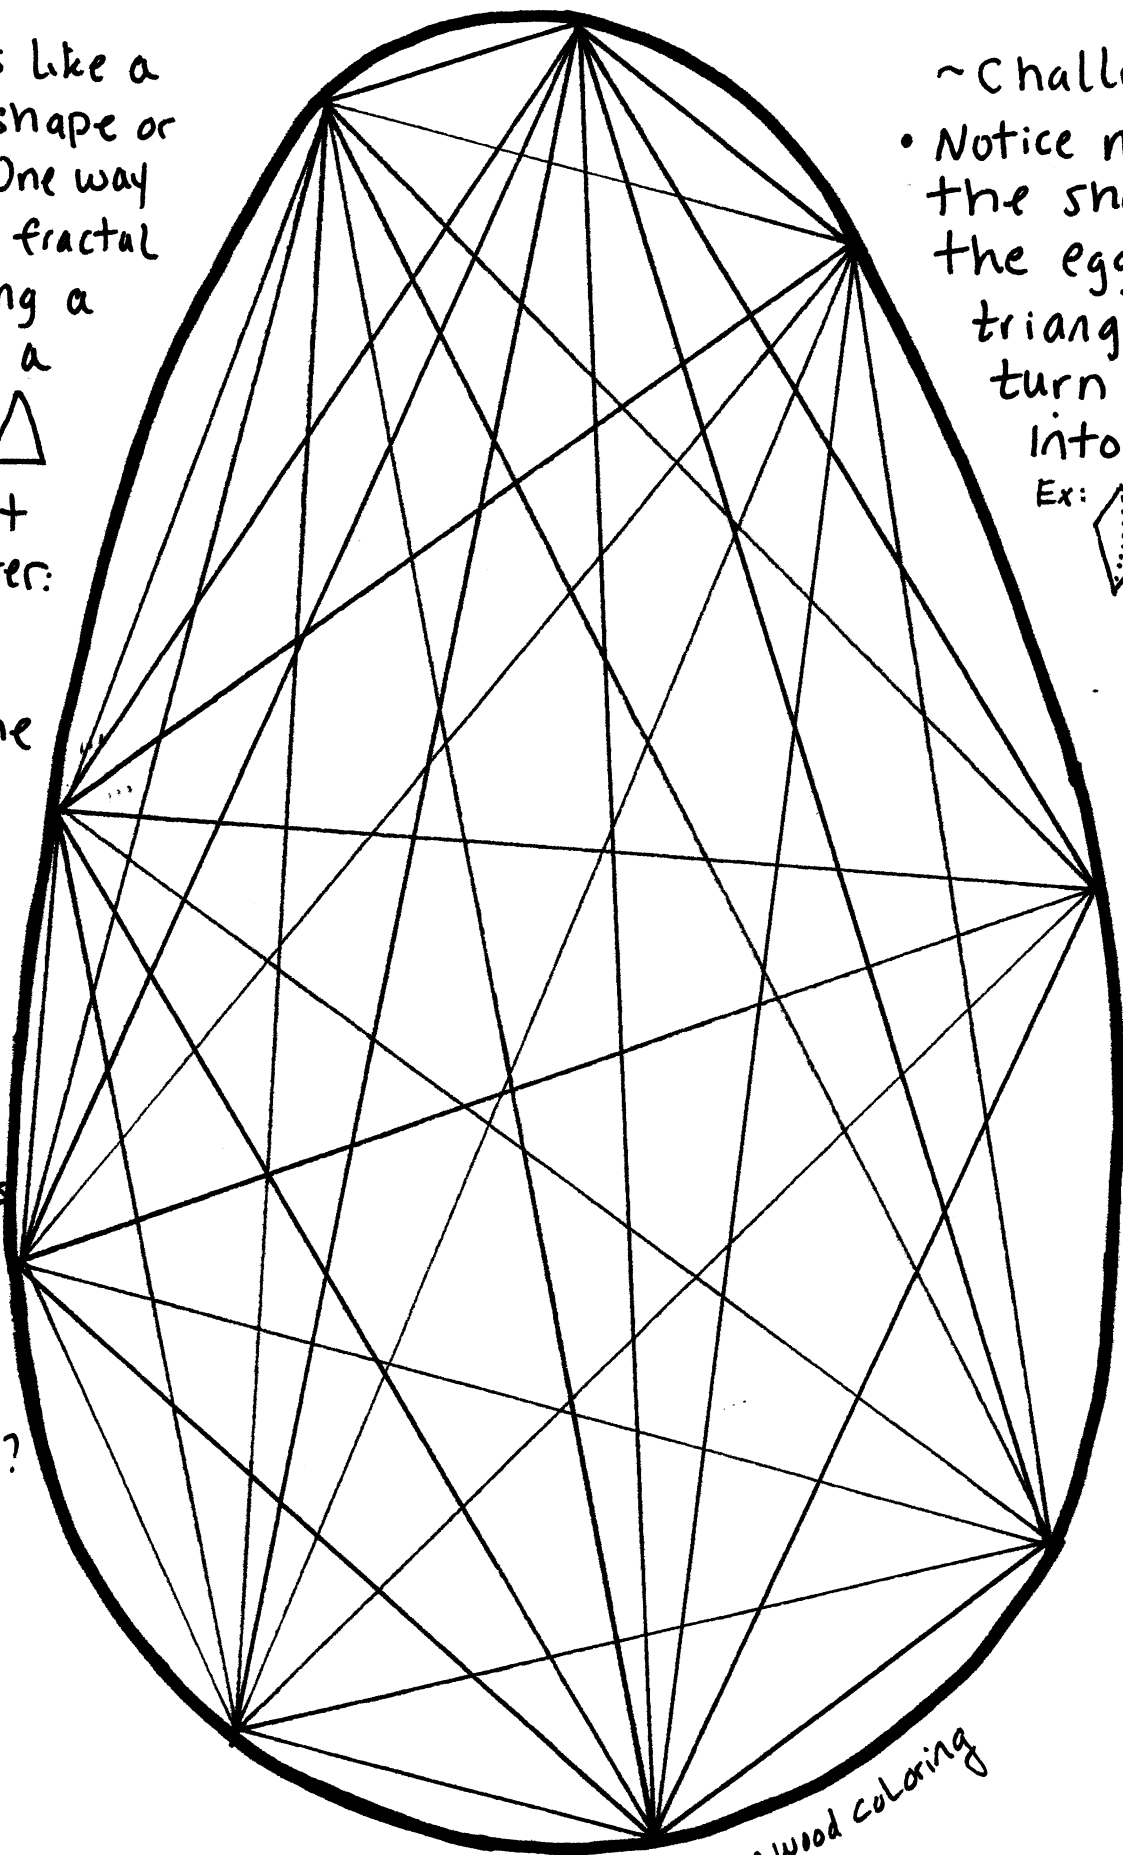

- Draw a line from each corner to the dot:

- You now have 3 small triangles inside of 1.

- Ready for the challenge??

~ Challenge ~

• Notice not all the shapes in the egg are triangles. First turn all shapes into triangles.

Ex:

• Next turn all triangles into fractals by drawing a dot in the center and then a line from each corner to the dot.

• color & cut out
